SUB: LAND - Grant to political sufferers - Precedure when persons belong to the same taluk or dt. and other apply for the same land - Instructions Issued.

--

Under the orders issued in para 8 of G.O.No.1523, Rev., dated 11-6-49, local people should be given preference in the matter of assignment of land as between he members of each class. In G.O.No. 1378, Revenue, dated 10-5-50, it has been ordered, that among political sufferers who apply for the same land, preference should gi: to the resident of the village. A question has arisen, as to who should be preferred in the matter of assignment of lands, when there are more than one application from political sufferers for the same land, one of them from a native of the taluk or the district and the others from a native of the other taluks or districts. The Government have examined the matter and consider that a resident of the same taluk or district should be treated as a "local" person in preference to any other person who does not belong to the taluk or district as the case may be. They accordingly direct that among political sufferers who apply for the grant of the same land, the natives of the taluk or the district should be given preference over others who are not natives of the taluk or district as the case may be.
